2024/2025

FOR

IRCC Updates: Study Permits

NEW: January 22, 2024

Students need a provincial attestation letter (PAL) from the province or territory where they plan to study

Each province or territory is developing a process to get a PAL. These processes are expected to be in place by March 31, 2024.

Students applying to study in a **master's degree** or doctoral degree program **do not need** a PAL

Graduates of master's degree programs will soon be eligible to apply for a 3-year work permit.

Responsible Recruitment at TRU

- **Nearly 1 million job openings** projected from 2023 to 2033 in BC.
- Openings driven by **economic growth and retirements**.
- **Key growth sectors** : health care, social assistance, professional scientific and technical services, retail trade, educational services, and construction.
- **High demand for post-secondary education** or specific training.

MEEM vs MScEEM

MEEM

- Professional focus
- Coursework-based
- For integrating sustainability in careers
- Prepares for industry application

MScEEM

- Research-oriented
- Thesis required
- For academic/research careers
- Prepares for scholarly contribution

MEEM/MScEEM

What will students learn?

- **Management Skills:** students will develop management abilities with a focus on sustainability and environmental economics.
- **Specialized Knowledge in Sustainability:** Gain in-depth understanding of sustainability issues and how they impact decision-making within organizations.

Note: The MEEM program requires additional MBA program courses instead of the thesis or project requirements of the MScEEM.
